

Green All C59

TECHNICAL DATA SHEET

Description

Green All is a concentrated all-purpose cleaner. It is a complex formula with over 15 separate raw materials each with a specific cleaning task. Some raw materials work on dirt, some on grease, some on grime etc. Green All is truly an all-purpose cleaner. Safe for use in most environments, yet strong enough to get the majority of commercial cleaning tasks completed. Will not burn skin or dry out hands. Green All can be diluted for most jobs. Green All is safe, effective and very cost competitive.

Advantage

Complex industrial strength formula will clean better than other ready-to-use all-purpose cleaners. Most competitive products have one or two active ingredients and the rest water. Green All has over 15 different active ingredients each with its own specific cleaning task. Green All is environmentally friendly and will not harm rubber, paint, plastic fabric or most common cleaning surfaces. Full strength Green All is used for engine degreasing, diluted it can be used to clean tires, bumpers, farm equipment, boat hulls, patio furniture, fiberglass, carpets and many other items

Directions

Dilution depends on the severity of the task. 1:1 for floor cleaning, 10:1 for carpet cleaning, 20:1 for kitchen cleaning 25:1 for cleaning leather, 150:1 for glass cleaning. Each job is different and you may have to adjust to accomplish specific cleaning projects.

Specifications

Physical form	Liquid
Color	Green
Scent	Clean
Density	9 lbs. per gallon
pH Solution	14+
pH 2% Solution	7.2
Biodegradable Surfactants	Present
Optical Brighteners	Present

Shipping Weight in Pounds

55 gallon plastic drum	495 pounds
30 gallon plastic drum	270 pounds
5 gallon plastic pail	45 pounds
