

# Cherry Foam C62

# TECHNICAL DATA SHEET

## Description

A premium quality high foaming vehicle soap designed for the clear coat environment. This high foaming formula contains the highest quality biodegradable surfactants available. This product is designed to break down and suspend the dirt and grime from the vehicle prior to the rinse cycle. Contains water softeners and brush lubricants to improve the cleaning requirements of the most demanding car wash operator. This product works best when using a pressure washer or in self serve and automatic car washes.

## Advantage

Produces a fantastic rich colored foam show. The high foaming formula and optical brighteners are a must for customer appeal. Designed to maintain and preserve clear coat finishes as well as all modern acrylic and enamel finishes. Formulated to be non-filming and clean rinsing. The unique non-acid and non-alkaline formula creates a safe and environmentally friendly atmosphere for your car wash. Rinses easily and quickly.

## Directions

For direct feed applications, apply .25 ounces of concentrate per vehicle through a compressed air foam polish arch. When using a Hydrominder Proportioning System, dilute 60:1 to 150:1. Do not allow product to freeze. Freezing separation can occur at 32° F.

## Specifications
