

FORMULA 4 SPRAY WAX C84

TECHNICAL DATA SHEET

Description

A clear coat finishing sealer. Specially formulated to provide maximum protection on Clear Coat finishes. Deep cleaning foaming agents and polymer waxes combine to create a product to clean and polish the vehicle finish and produce a brilliant shine.

Advantage

Formula 4 Drying Agent will allow the water to bead up and fall directly off the car. Get that spot-free showroom shine back.

- Economical
- High quality, highly concentrated sealant
- Beads rapidly, allows car to dry easier
- Produces a shiny finish
- Cherry scent for customer appeal

Directions

This product should be diluted 40:1 to 120:1. Set equipment to apply 6-8 ounces of diluted Formula 4 per vehicle.
