

## Concrete Floor Cleaner C91

## TECHNICAL DATA SHEET

### Description

Concentrated Floor Cleaner is a 100% active all-purpose powder floor cleaner made with no fillers. This product is a complex formula of multiple raw materials each with a specific cleaning task. Some raw materials work on dirt, some on grease, some on grime etc. C-91 is truly an all-purpose floor cleaner. Safe for use in most environments, yet strong enough to get the majority of cleaning tasks completed. Will not burn skin or dry out hands. C-91 is safe, effective and very cost competitive.

### Advantage

Complex industrial strength formula will clean better than other concrete floor cleaners. Most competitive products have one or two active ingredients and the rest fillers. C-91 is made from multiple active ingredients each with its own specific cleaning task. C-91 is environmentally friendly and will not harm rubber, paint, plastic coated or most common cleaning surfaces.

### Directions

Sprinkle C-91 on the floor. Add extra product on extremely dirty or greasy areas. Wet the floor and work in C-91 with a still bristle push broom. Product is red/orange in the container but it will turn green after water is added.

### Specifications

|                           |                 |
|---------------------------|-----------------|
| Physical form             | Powder          |
| Color                     | Red             |
| Scent                     | Clean           |
| Density                   | 10 lbs. per box |
| pH Solution               | 14+             |
| pH 2% Solution            | 7.2             |
| Biodegradable Surfactants | Present         |
| Optical Brighteners       | Present         |
